SECTION VIII

REFERENCES

- Acid Mine Water, a Bibliography - Office of Water Research and Technology, 1975.
- Acid Mine Drainage, a Published Search - National Technical Information Service of the U. S. Department of Commerce, Period of 1964 to September, 1978.
- Factors Controlling Sludge Density During Acid Mine Drainage Neutralization - K. Svanks, 1973.
- Disposal of Chemical Sludges and Brines - Robert B. Dean, 1970.
- Limestone and Lime Neutralization of Ferrous Iron Acid Mine Drainage - U.S. E.P.A., 1977.
- Combination Limestone - Lime Neutralization of Ferrous Iron Mine Drainage - U.S. E.P.A., 1978
- Combination Limestone - Lime Treatment of Acid Mine Drainage, Wilmoth, Scott and Hill, Fourth Symposium on Coal Mine Drainage Research, Pittsburgh, Pennsylvania - 1972.
- Water Supply and Sewerage - Steel McGraw-Hill Wastewater Treatment Plant Design - Joint Committee of the American Society of Civil Engineers and the Water Pollution Control Federation, 1977.
- Wastewater Systems Engineering - Homer W. Parker, 1975.
- Wastewater Engineering - Metcalf & Eddy, Inc., 1972.
