The Honorable H. B. Charnbury, Secretary  
Department of Mines & Mineral Industries  
Harrisburg, Pennsylvania

Dear Dr. Charnbury:

There is submitted herewith the Report of Project SL-110 consisting of an examination and feasibility study for the mine drainage pollution abatement in the Slippery Rock Creek watershed area, excluding North Branch and Muddy Creek. We appreciate the opportunity to perform these services.

Respectfully submitted,

*John W. Foreman*

John W. Foreman, P.E.  
Vice President  
Mineral Industries Division

JWF/lk
