

ACKNOWLEDGMENTS

We wish to thank the following organizations for supplying data, guidance and consultation during the course of this study. Due to the nature of the work, it was necessary to consult a wide-range of organizations for assistance and information.

We express our appreciation and gratitude to the following:

- Environmental Protection Agency
- Pennsylvania Department of Environmental Resources
- Pennsylvania Game Commission
- United States Geological Survey
- United States Bureau of Mines
- United States Army Corps of Engineers
- General Engineering Associates, Inc.
- College of Earth and Mineral Science, The Pennsylvania State University
- United States Soil Conservation Service
- Clarion County Planning Commission
- C & K Coal Company, Clarion, PA

Finally, we would like to thank the local citizens and property owners for their cooperation and support during field investigative work.
